PE and school sport is continually monitored by our PE Subject Leader and information is fed back to our Senior Leadership Team. Tracking systems are in place to identify pupils working within, above or below age related expectations, the results of which will help us to continue to identify areas to improve so that we sustain achievement in PE and sport.

Through our commitment to drive up participation numbers, the school will ensure that there are effective staff available to lead clubs both at lunchtime and after school so that every child has the opportunity to participate in school sport. We are committed to competition through School Games events and through the SHARES Sports Association. The school works alongside fully qualified coaches to provide CPD for staff.
